

Twelfth International Symposium on Pollination (ISPXII)  
16 – 20 October 2023  
Kirstenbosch Botanic Gardens, Cape Town, South Africa

# SCHOLARSHIP APPLICATIONS

**Deadline: 30 April**

ICPPR and the Organizing Committee are pleased to invite Young Scientists to apply for scholarships available to present their work at the XII INTERNATIONAL SYMPOSIUM ON POLLINATION (ISPXII).

Fifteen scholarships, in the amount of US\$1000 each, are available.

The requirements are:

1. Give an oral presentation at the ISPXII.
2. Need for travel support.
3. Be a graduate student (Master, PhD or PostDoc) or an exceptional undergraduate. Recently graduated (last 3 years) applicants, who are currently working on a subject related to pollination, will be considered, but priority will be given to graduate students.

The abstract of the presentation will be evaluated in relation to their novelty and originality. Half of the grants will be given to presentations that may be of interest to citizen scientists and gardeners.

## About ISPXII

Kirstenbosch is one of the nicest botanic gardens in the world, it is in the Table Mountain world heritage site and floral kingdom (fynbos) that is unique to one country.

The Symposium will cover a range of topics, including floral signals, Apivectoring, variation in diet and diet width in bees, non-Apis pollinators of crops, crop pollination by honeybees, pollination of tropical crops, traditional knowledge and pollination, citizen science, climate change & land use effects on pollinators and pollinator taxonomy.
